=====
Thank you for participating in the Run for the Light-2010! We hope to see you in Westport for the 2011 R4L, tentatively scheduled for August 13th.

Questions or feedback on finishing times, order of finish or awards should be coordinated with race director at: webphotog@walightkeepers.com

Times are based on electronic timer started at beginning of the race and may not match times displayed on race clock at finish line.

Issues affecting scoring:

Walkers are strongly discouraged from starting the event *before* the advertised start time. Individuals not starting at the official start time are not allowed to enter the finishing chute and will not count in the official scoring. If you must start the event early, please inform the race director and scorer at the finish line of this and exit the course before the chute, to avoid complicating the official scoring.

Please plan accordingly. Per agreement with WA DOT and the City of Westport - Streets Dept and Police, the R4L course officially closes at 1130 (90 minutes from the start). Participants requiring more time, are personally responsible for their own safety and may not be considered in the
